PRESCRIBED BURN CREW MEMBERS WANTED

- Do you like to work outdoors in beautiful weather?
- Do you enjoy hard physical labor?
- Are you sometimes available on short notice to work afternoons and evenings?
- Does working with FIRE sound like fun?

If the answer is yes, I may have a job for you. I run a small prescribed burn business - David Borneman, LLC - (RestoringNatureWithFire.com). We travel all around southern Michigan burning prairies, woodlands, and wetlands. I need 3-5 crew members who can carry drip torches full of fuel for lighting fires and backpacks full of water for putting them out. The work is strenuous and requires a high level of physical fitness; you must be able to carry 60-lb water packs on occasion. No previous burn experience required - I will teach you what you need to know. I just need people who are good at following directions, like to work hard, and don't mind getting dirty!

The work schedule is entirely weather-dependent, but will often be from late morning until after dark. Typically, we meet near Ann Arbor and all ride together in my truck to and from burn sites. I burn 7 days a week from March through May, but will welcome crew members who are only available certain days of the week, even if only 1-2 days. Interested parties should email a resume, and/or tell me something about your work history, and let me know which days of the week you would be available to work. Send it to Dave@Restoring-Nature.com.

It's fun work! You are helping to restore nature, and you get to see some **AMAZING** flames!!

Starting pay for new crew members: \$18.00/hour, including travel time.
